- ✓ Enabling seamless asset and price discovery

TARGET ECOSYSTEM

LENDERS AND BORROWERS

- Commercial Banks
- Select Corporates

LIQUIDITY PROVIDERS

- Multilateral Development Banks
- Trade Credit Insurers

An aerial photograph of a city at sunset. A river flows through the center of the city, surrounded by dense residential and commercial buildings. The sky is filled with soft, colorful clouds in shades of orange, pink, and blue.

INCLUSION

An aerial photograph of a city at night. The city is illuminated with lights, and a prominent road shows light trails from traffic. The sky is a deep blue with some clouds.

ECONOMIC GROWTH

A photograph of a large, diverse crowd of people, likely in a developing market. The people are dressed in a variety of clothing, including traditional headscarves and modern casual wear. The scene is busy and crowded.

**HELPING DEVELOPING
MARKETS**

A close-up, black and white photograph of an elderly man with grey hair and a beard. He is looking slightly to the side with a thoughtful expression. The background is blurred, showing what appears to be a window or a doorway.

ALLEVIATING POVERTY

SPEED AND EFFICIENCY

THE ENVIRONMENT

HOW DOES IT WORK?

- ✓ **The TradeAssets Green Channel will flag trade transactions posted on the platform which have been determined by the issuing member as ‘green’ or containing significant ‘sustainability elements’ or rated with a low carbon footprint**
- ✓ **This will enable trade finance funders to have access to and engage with a stream of sustainable or low carbon trade transactions with emerging markets across various expanding trade corridors**

WHAT IS THE IMPACT?

- ✓ **The Green Channel opens up a window of opportunity by enabling borrowing banks and other entities to ‘flag’ a transaction as sustainable.**

- ✓ **The Green Channel will be creating “awareness, engagement and conversion”.**

Facilitating sustainable and green trade with emerging and developing markets
